

Vote Creed For a Cool Kind Class President
I would be excited to be a class president.

A class president should be a friend to everyone and a role model. If I was a class president I would encourage everyone to take care of our school property. We should be responsible and clean with our library books, school supplies and desks. Always leave the bathrooms and cafeteria clean. I want my friends to help each other do our best and get good grades. We can read books and study for spelling tests together. Our class will treat everyone with kindness. I would encourage my class mates to stand up to bullies and make sure everyone has a friend at recess.

Before we vote I would talk to all the students and tell them I care that our school is a happy place that we can all come learn.

I would hang up posters with my last name and funny rhymes and the important words like respect, bully free zone, cool kids are kind. Even if I didn't win I would have fun and everyone would know that I think character counts and will be a good friend to them.
