

I think you could vote for me as  
class president. I want to improve the  
school by no bullying because bullying is not  
nice. I will get other second graders to  
help by make teams for no bullying.  
We can talk to others about bullying  
and being nice to others. I will  
make others excited by putting cool  
posters on the walls in my school. I will  
do speeches. Vote me for president.
