American Opportunities by Judicial Review

The American dream and its opportunities have been fundamental for this nation, and with that comes legal systems that protects our nations citizens and rule of law from any unconstitutional acts from our government. That is when Judicial Review comes into to protect the American dream.

Judicial Review is a power of the third branch in the government, the Judicial Branch. But what exactly does it do? Judicial Review is the act of the supreme court overlooking and denying any act or bill of the Executive and Legislative branch that are deemed unconstitutional, or unjust for the people, in which "It is emphatically the province and duty of the Judicial Department to say what the law is. Those who apply the rule to cases must, of necessity, expound and interpret that rule. If two laws conflict with each other, the Courts must decide on the operation of each."

(Marbury V. Madison I Constitution Center, n.d.-b, para. 10)

Judicial Review has had many irnpactful moments in which they have protected and promoted the American dream. So, when did judicial review first come into play?

On March 2nd, 1801, the day before the end of his presidency, President John Adams commissioned Williams Marbury to be Justice of the Peace in District Colombia. But upon

So, as it is Judicial Review is one of the most important powers and is still supporting the American dream, opportunities, and people preventing any unconstitutional power or bill from being enacted against the American dream.
