

My Goal - BE a Great Teacher

I think being a teacher will

be exciting because teachers

help kids learn and have fun.

Learning and following the

rules at school now will

help me get ready to be a teacher.

I am respectful and listen to others

and treat them nicely. When I am a  
teacher I need to make sure  
everyone feels safe and happy.

I work hard and do my best in  
class and when I do homeworks.

Teachers have a lot of responsibility.

I hope

I take care of my things like school supplies and books. As a teacher I will keep a clean classroom and give kids every thing they need. Teachers encourage students to do their best, and I can be encouraging to my friends. By following rules of

respect, hard work, and responsibility

I can be a great teacher and  
help others learn.
